Two-Manual Tracker Organ

\$75,000 Asking Price

Manual 1

Gemshorn 8'

Koppelflute 4'

Manual 2

Gedackt 8'

Principal 2'

Pedal

Bourdon 16'

This freestanding organ is fully encased in solid White Oak with 9mm White Oak veneer plywood

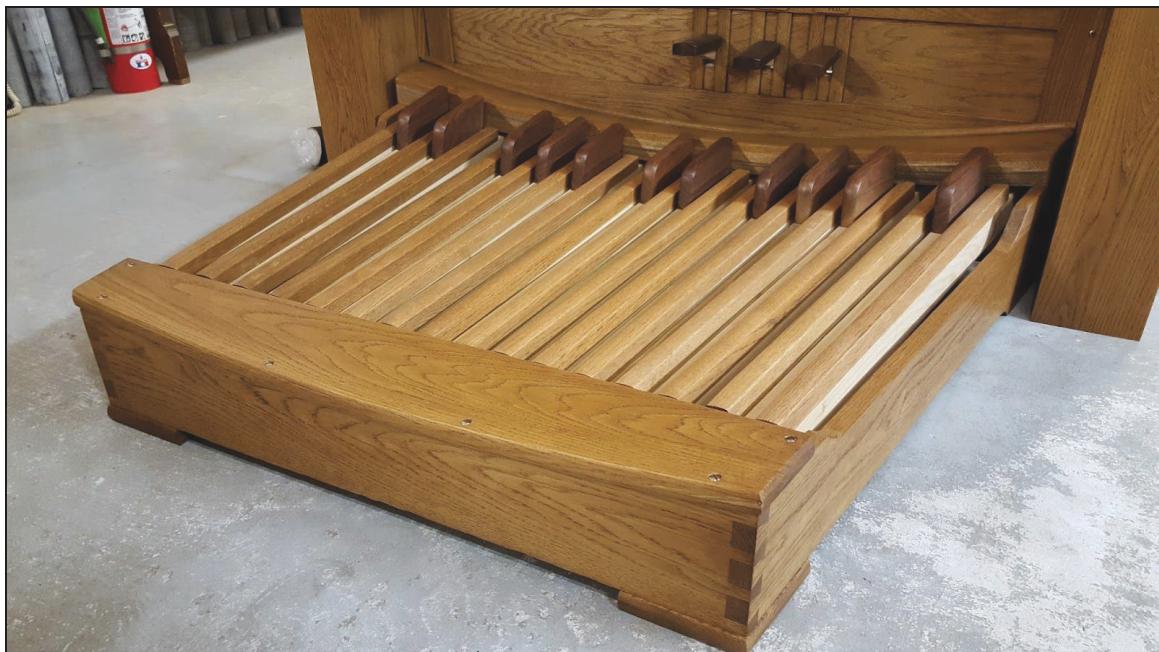

The metal pipework was built from a lead-tin alloy

The Bourdon and Gedackt pipework are constructed from Sugar Pine

The manual keyboards feature Cherry naturals and Maple sharps with Black Walnut drawknobs

The pedal keyboard features White Oak naturals and Black Walnut sharps

The bench are constructed of solid White Oak and Black Walnut. It also includes two height adjusters

The organ is fully mechanical, featuring wooden squares and backfalls, as well as fiberglass trackers

The organ is winded at $2\frac{5}{8}$ " wind pressure by a $\frac{1}{4}$ HP Ventus blower. It also features a single fold 36" x 22" regulator constructed of Poplar
